

IntervuQ: AI-Powered Interview Preparation & Career Strategy Platform

**Turn interview feedback into your
job-winning strategy**

The Problem: Navigating the Job Search Maze

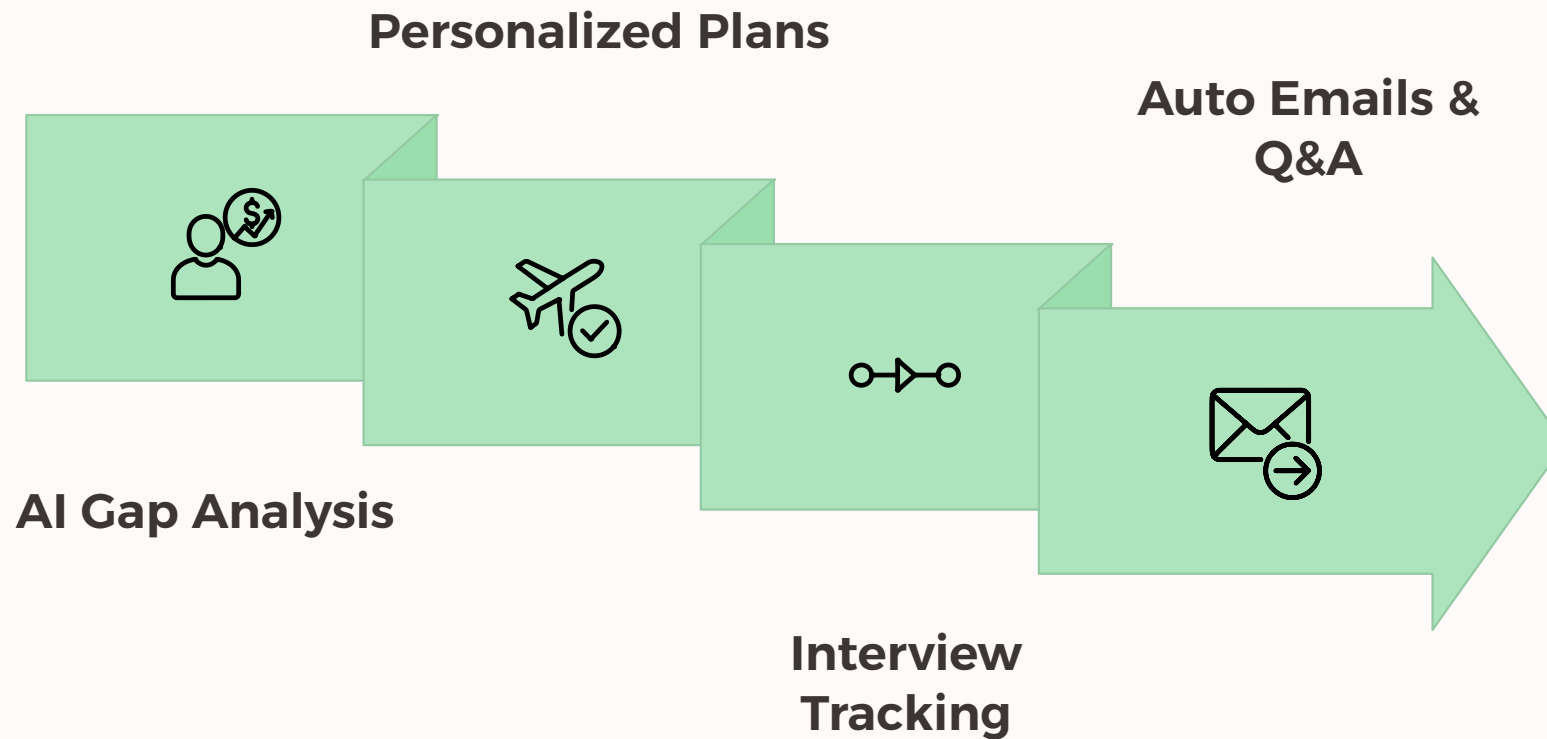

Job seekers face significant hurdles in their career journey. Without **clear feedback** from interviews, it's a guessing game to improve. Often, resumes don't quite align with job descriptions, limiting interview opportunities.

The manual effort of **cold emailing recruiters** is a drain, and there's no central place to learn from past experiences. This leads to repeated mistakes and missed opportunities.

Our Solution: IntervuIQ

IntervuIQ transforms the interview preparation landscape by providing a [holistic, AI-driven platform](#) designed to maximize your chances of success. We turn interview feedback into a powerful tool for continuous improvement.

From analyzing your resume to automating outreach, IntervuIQ ensures you're always one step ahead.

IntervuIQ: Key Features

1

Interview Tracking & Feedback Logging

Comprehensive tracking of interview rounds, questions, and feedback for actionable insights.

2

AI Resume & JD Gap Analysis

Intelligent analysis highlighting skill gaps between your resume and job descriptions.

3

Personalized Learning & Prep Plan

Tailored study plans with resources to address your specific weak areas.

4

Smart Cold Email Generator

Automated, personalized cold emails to recruiters, saving you time and effort.

5

Interview Q&A Bank

A dynamic bank of public and private interview questions with expert answers.

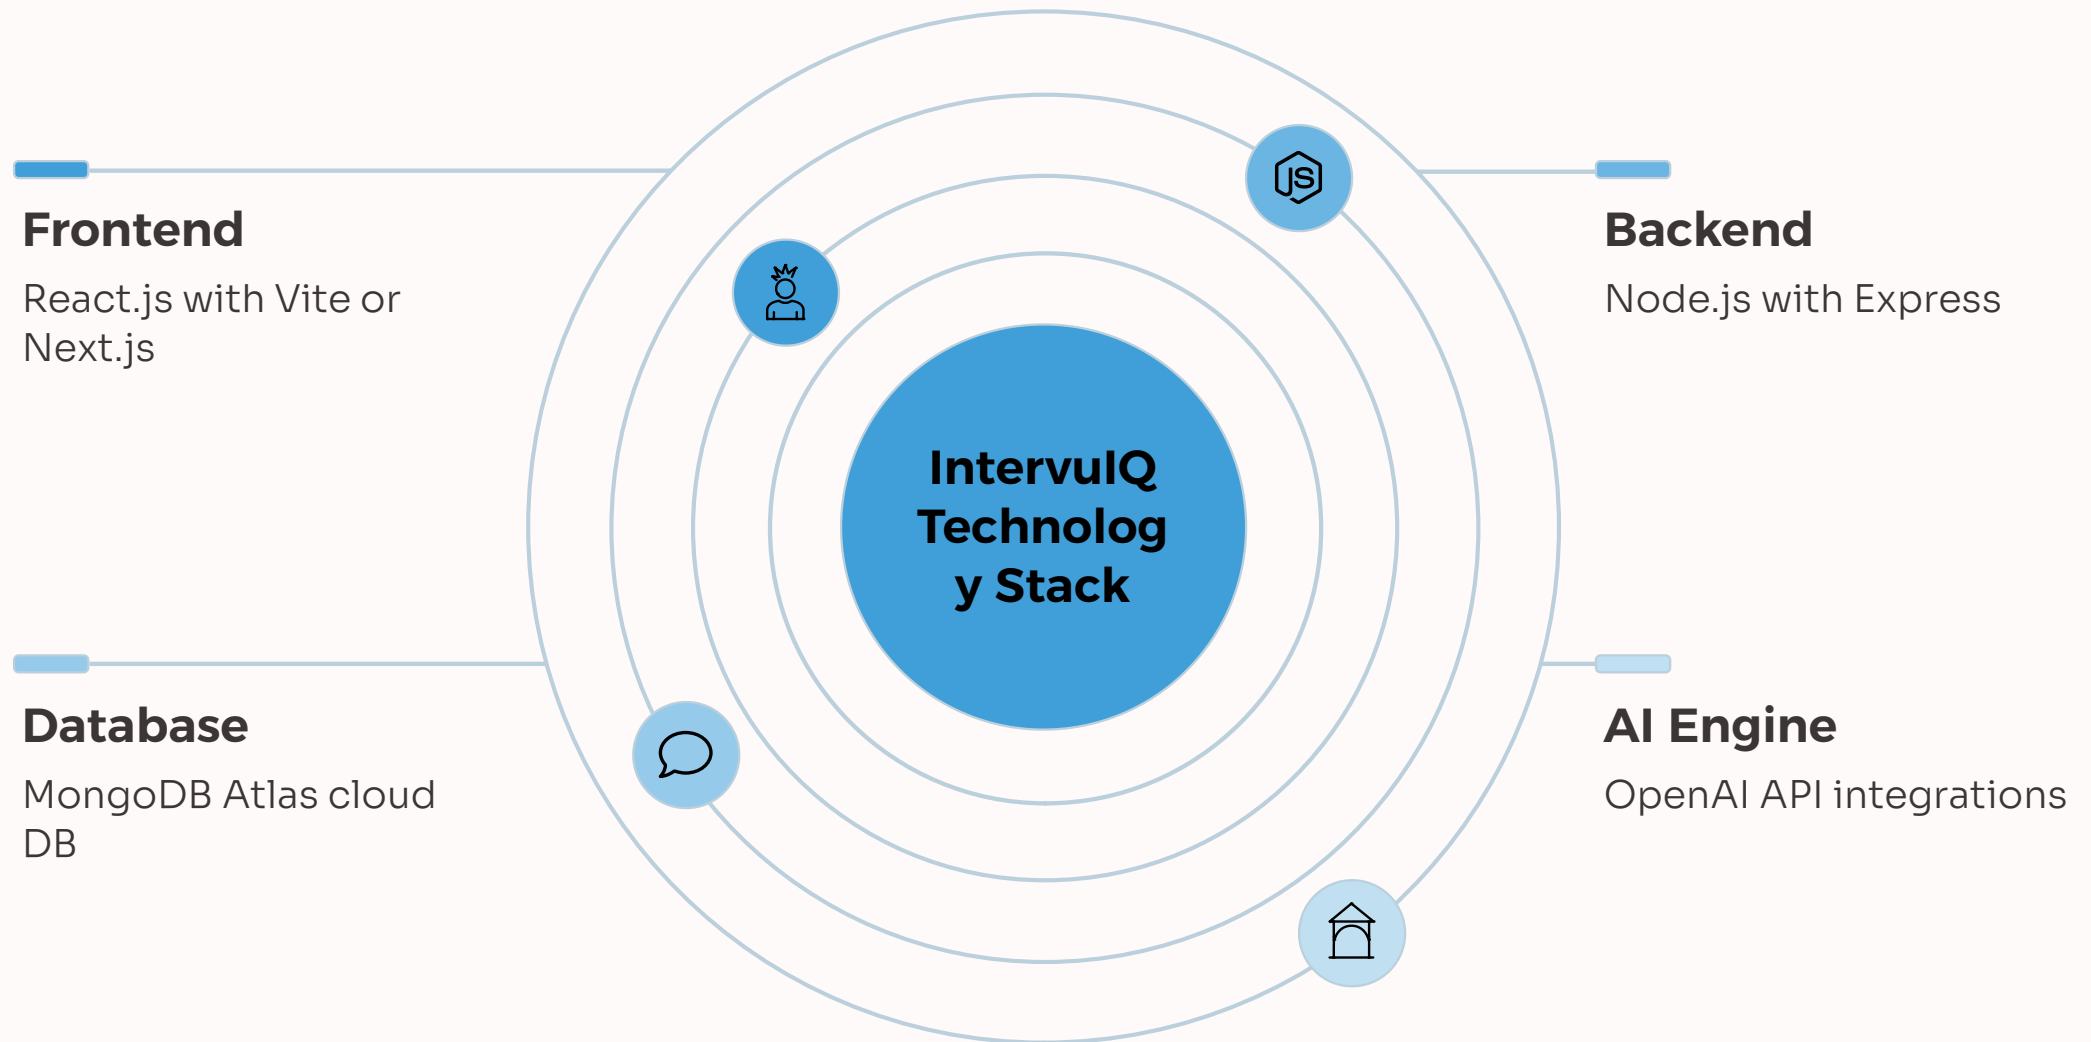

6

Community Insights & Analytics

Leverage collective intelligence to identify trends and improve your strategy.

Robust Technology Stack
